

## SERVICE BOXX

Service Boxx for all standard systems. It contains all necessary wear parts for one annual maintenance. The box offers additional storage space for further spare parts such as fine filter, pH electrode cable, level switch, dosing motor and ball valve. The parts are included in a practical SORTIMO plastic box.

The Service-Boxx is available for the following system series:

- POOLKLAR PR/Touch XL, Part No. 24055
- POOLKLAR Touch XL-V2 and V3, Part No. 25423
- POOLKLAR Basic, Part No. 30449
- CPR Touch XL-2S, Part No. 26290
- CPR Compact 3000, Part No. 24572

**Notice:** If you are not sure, which Service Boxx is the right one for your system, please let us know your serial number! Special system versions may require other wear parts!
